-------------------------------*PREPARING THE SIDE TABLE LIGHT*--------------------
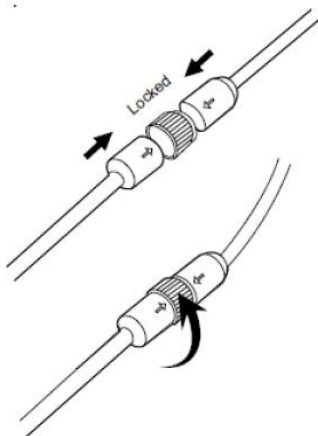

– **INSERTING THE BATTERY…….**

---

1. Pull out the battery drawer until the stopper hits the frame, and lift out the battery box.
2. Rotate to release the locking screw, and then detach the battery box from the system.

3. Unscrew the battery box lid counter-clockwise to open and insert or change the batteries.

4. Re-fit the battery box lid and then re-attach and secure the locking screw to connect the battery box with the system.

– OPERATING THE LIGHT…….

- Press the switch to turn on/off the light.

Click

Note:- When the battery power is very low the LED lights will flicker. This is an indication that the batteries need to be replaced.
